But when dirt, dust, mould, or water stains cloud your skylight, it can quickly become an eyesore — or worse, a leak risk. At Roofs.com.au , we provide professional skylight cleaning services across Australia for residential and commercial properties. We work safely at heights to ensure every skylight is cleaned thoroughly, restoring brilliance and improving the overall health of your roof. Request a Quote Roofs.com.au Why Clean Your Skylight Regularly? Skylights are exposed to the harshest conditions — rain, debris, UV rays, moss, bird droppings, and pollution. Over time, this build-up can cause: Loss of natural light and dull interior spaces Streaky, stained glass or acrylic domes Water pooling or blocked flashing, leading to leaks Mould growth around seals and roof ventilation zones Reduced energy efficiency in your home Expert Insight: “Dirty skylights often cause thermal

performance issues and hidden leaks. Cleaning them also extends their lifespan by years.” — Lachlan F., Roof & Skylight Specialist, [Roofs.com.au](#) Request a Quote [Roofs.com.au](#) Our Skylight Cleaning Process We take a thorough, roof-safe approach that ensures sparkling results every time: Safe Roof Access We use harnesses, ladders, and safety gear tailored to your roof type — whether it's tile , metal , flat , or skillion . Exterior Glass Cleaning We gently scrub skylight domes, frames, and flashing with non-abrasive cleaning solutions to remove grime, sap, and bird waste. Internal Skylight Cleaning For accessible interiors, we clean the underside of the skylight lens to remove dust, mould, and any fogging or hazing. Leak & Seal Check While we're there, we inspect your skylight for early signs of leaks , cracked seals , and poor ventilation issues. Optional Add-ons Upgrade to a roof cleaning or gutter cleaning bundle for a complete top-down roof refresh. [Roofs.com.au](#) Ideal for All Skylight Types We clean: Glass skylights Acrylic dome skylights Solar-powered skylights Fixed, manual & vented models Solar panel skylight combos Request a Quote [Roofs.com.au](#) How Often Should You Clean Skylights? We recommend skylight cleaning: Every 6–12 months for homes in urban areas Quarterly if surrounded by trees or prone to heavy rainfall After dust storms, bushfires, or severe storms Hot Tip: “In coastal cities like Gold Coast , Newcastle , or Sydney , salty air builds up on skylights faster — routine cleaning prevents etching or corrosion.” Request a Quote [Roofs.com.au](#) Residential & Commercial Skylight Cleaning No skylight is too tricky. Our team is trained for both single- and multi-storey buildings. Homes & Apartments Whether you have one skylight or a dozen, we'll clean them safely without disturbing roofing or interiors. Commercial & Retail Brighten lobbies, offices, schools, and showrooms with scheduled skylight cleaning and reporting — including before & after photos .
